### Target Audience:

Candidates for this certification have already attained the Business Objects Certified Professional – BusinessObjects Enterprise XI R2 certification and wish to update their BOCP-BOE credential to the XI 3.0 version of the BusinessObjects Enterprise.

### Certification Planning:

**The BusinessObjects Enterprise XI 3.0 Update exam is only for candidates who have already attained the Business Objects Certified Professional – BusinessObjects Enterprise XI R2 certification.** Successful completion of the BusinessObjects Enterprise XI 3.0 Update exam allows BOCP – BOE XI R2 certified candidates to be certified on the XI 3.0 version of BusinessObjects Enterprise.

Note: If you choose to write the BusinessObjects Enterprise XI 3.0 Update exam without the BOCP – BOE XI R2 certification qualification, you will have done so at your own peril as you will not be refunded the cost of the exam voucher.

### Education Offerings to Attain Certification:

It is not mandatory to enroll into any education offerings in order to pass the exam. We however strongly advise candidates pursuing certification to complete the recommended education. Sufficient knowledge to pass the exam requires a combination of education and experience. Education provides the foundation and concepts required to use the product; experience provides the knowledge to apply concepts in a production environment. Knowledge from both education and experience will be tested on the certification exam.
